ABOUT

Pre-final year B.Tech Computer Science (Data Science) student with demonstrated experience in end-to-end data analytics - spanning data cleaning, EDA, SQL-based business intelligence, and Power BI dashboard development. Skilled in Python (Pandas, NumPy, Matplotlib,seaborn) and MySQL. Adept at translating complex datasets into clear, actionable insights that support data-driven decision-making.

TECHNICAL SKILLS

Programming Languages:	Python, C++, java Basic
Data Analysis:	Pandas, NumPy, Matplotlib, seaborn
Database:	MySQL (SQL -Aggregations, CTEs, Window Functions, Subqueries)
BI & Visualisation:	Power BI, Tableau, Excel
ML / AI:	Machine Learning, Predictive Analytics
Other Tools:	SQLAlchemy, Jupyter Notebook, Git

PROJECTS

Customer Shopping Behaviour Analysis | Python · MySQL · Power BI *End-to-End Data Analytics Project* | 2025

- Cleaned and engineered a 3,900-record, 18-feature dataset in Python (Pandas) — imputed 37 missing values using category-wise median, standardized columns to snake_case, and created 2 new features (age_group, purchase_frequency_days) for deeper segmentation.
- Wrote 10 business-driven SQL queries (CTEs, ROW_NUMBER Window Functions, subqueries, CASE WHEN) to uncover \$233K total revenue, gender/age/category breakdowns, and New/Returning/Loyal customer segments.
- Delivered an interactive Power BI dashboard with KPI cards, cross-filter slicers, and multi-chart visuals for stakeholder-ready business storytelling.

Smart Street Light System using IoT

- Designed a smart street lighting system using motion sensors that dynamically adjusts light intensity based on nearby movement, reducing power consumption significantly.

Smart Maintenance System for Predictive Asset Management

Predictive Analytics / Machine Learning

- Implemented a Smart Maintenance System leveraging predictive analytics to monitor industrial assets in real time and optimize maintenance scheduling to reduce downtime.

Education

B.Tech computer Science and Engineering	2023-2027
Lamrin tech skills University, Punjab	
12 th – Senior Secondary (CBSE Board) – 75.6 %	2022
JNV Fatehpur	
10 th – Secondary (CBSE Board) - 86.4 %	2020
JNV Fatehpur	

Certification and Workshop

- Power BI Certification — One Month Program (Jul – Aug 2024)
- Java Training Program Certification — One Month
- Machine Learning Workshop — Hands-on practical training

Achievements

- Presented a research paper at the International Conference on Research Trends in Mathematics and Data Science (ICRTMDS-2024).
- Completed NCC (A) Certificate — demonstrating discipline, leadership, and teamwork.
- Regional-level Volleyball player — represented the district in inter-regional competition.
